ECHOES FROM THE LODGE ROOMS

Moose Appoints Committee to Arrange for Clambake—Owls Degree Team to Work in New London—Deputies Visit Royal Arcanum Councils.

A. O. U. W.
The influx of members into various lodges has not been anywhere near what it could be as shown by the letters published by the A. O. U. W. monthly Connecticut Workman. It has been shown time and again that the A. O. U. W. as an order is not at fault since the advantages to be obtained from membership in it are more than any other fraternal organization can offer in the country. The summer months are necessarily a time of relapse and freedom from dull carousing but the danger lurking behind too complete a relapse can be shown only too easily and it is hoped that the brothers will put forth a little more energy during the past month in order that it may appear like a diminution in that a cessation of lodgework activity.

With the date for the annual outing of the Past Masters' association at Savin Rock steadily approaching it is appropriate to again call attention to the brothers to this occasion, preparations for which have been progressing with great rapidity during the past month. Composed of the prominent brothers of the order the outing of the association will bring together a number of men who know the needs of the order in their particular section and who can appreciate and offer suggestions to the brothers of other sections of the jurisdiction who show in what respect the order in their particular section can be boosted.

ROYAL ARCANUM.
District Deputy John Gray of Hartford with Grand Master R. H. Holloway visited Thames Council, No. 1351, Royal Arcanum, Thursday evening at their regular session in Forester's Hall. The visiting officers were heard in interesting remarks for the good of the order. Vice Grand A. E. Johnson was in the chair.

ODD FELLOWS.
The third degree was worked on a class of candidates at the regular session of Shetucket lodge, No. 27, L. O. P., at the conclusion of which Tuesday evening in Odd Fellows hall.

Unus Lodge, No. 11, L. O. P., transacted a regular business meeting in Odd Fellows hall, Monday evening, July 24th, at 8 o'clock.

Palmyra Encampment, No. 3, L. O. P., conducted session on Tuesday evening in Odd Fellows hall.

MOOSE.
Norwich lodge, No. 459, L. O. M., at its regular session, Monday evening, July 24th, appointed the following committee to make arrangements for a clambake on Aug. 26: Joseph A. George, chairman; Martin Walcott, secretary; Wm. B. Seymour, Deltasha, Henry Jarvis, Lewis A. Andrews, Charles A. Beaver, John Lavalle and M. A. Salsbury. The place

NATIONAL RESEARCH COUNCIL FOR NATIONAL DEFENSE
Has Been Established by the National Academy of Sciences.

New York, July 27.—Announcement was made today by the National Academy of Sciences of the establishment of the National Research Council, an organization of the scientific authorities of educational and research institutions of the country in the interests of national defense. The Academy recently submitted to President Wilson and which received his immediate approval.

"The purpose of the council," says the announcement, "is to bring into cooperation existing governmental educational, industrial and other research organizations with the object of encouraging the investigation of natural phenomena, the increased use of scientific research in the development of American industries, the employment of scientific methods in strengthening the national defense, and such other applications of science as will promote the national security and welfare."

"The council will be composed of leading American scientists and engineers, representing the Army, Navy, Smithsonian Institution and various scientific bureaus of the government. It will have the right to select and employ such personnel and to conduct such research as it may deem necessary for the advancement of science and the national defense."

"The council will prepare a national census of scientific investigators and equipment for research in government bureaus, educational institutions, research foundations and industrial research laboratories, and will utilize a variety of means for promoting scientific research in all branches of pure and applied science."

The cooperation of many research institutions is already assured, and an example of active assistance, Throp College of Technology in Pasadena, California, has offered the full use of its research facilities and in connection with this work has raised an additional research endowment fund of one hundred thousand dollars. Other institutions are equally interested. The Engineering Foundation, under the auspices of the United States Coast Survey, has voted to cooperate with the council and to contribute largely toward the expense of its work of organization. President Wilson has also written to express his full approval of the plan of the council and his assurance of the support and cooperation of the government departments."

NORWICH TOWN
Guilford.—Owing to the scarcity of day laborers, the New Haven road has imported many negroes from the south. The colored men have been housed in the new barracks and have been made into quarters for their convenience.

leave today (Saturday) to spend a week with friends in Meriden.

Clas, Beckwith of New York spent Thursday with his aunt, Mrs. Ackley and Miss Witter of Town street.

Richard Currier of Chelsea, Mass., has returned, after visiting his aunt, Mrs. William S. Case of West Town street.

Misses Florence and Gladys Vore of Sterling have returned home after visiting at the home of Mr. and Mrs. Elmer Gaskell.

Miss Margaret Heath has returned to her home in Mystic after spending three weeks with her grandparents, Mrs. S. A. Heath of Elm avenue.

Mr. and Mrs. Herbert L. Yerrington have returned to their home at Peck's Corner from a day or two spent in Connecticut, with Mr. and Mrs. Frank Scofield.

has not yet been decided upon, but will be announced later. Lewis A. Andrews, secretary of the carnival committee, reported on the recent carnival given at the battleground, which was very favorable, and the order will realize a good sum for their efforts.

OWLS.
At a regular session of Norwich nest, No. 1396, O. O. O., held in Owl's hall Tuesday evening, with President Cook in the chair, Deputy Supreme President Howard, deputy for New England, with District Deputy Armstrongs of New Haven, made a visitation.

Through Deputy Supreme President Howard, the local lodge was invited to officiate at the initiation of 33 candidates at New London in the future. The officers of the local nest will preside at the initiation and the local degree team will do the work.

It is expected that a large number of local Owls will accompany the officers and degree team members to New London.

MANCHESTER UNITY.
The regular meeting of Loyal Hugh H. Osgood lodge, No. 639, L. O. G. F., M. U., was held Friday evening with N. G. Joseph Wharmby presiding over a good attendance of members. Business of a routine character was transacted, and candidate received the obligation. One application for membership was received and acted upon. The lodge voted to attend divine service at the Soldiers' Home, Greenville, on the fourth Sunday in September. Invitations were extended to Samarian lodge of Baltic to attend the official visitation of district officers in the Osgood lodge room Sept. 3. Degrees were conferred upon three brothers and the lodge then closed in due form.

ROYAL ARCANUM.
John Gray, representative of the grand lodge, made his annual visitation to Norwich council No. 729, R. A., Tuesday evening at their regular meeting held in Buckingham Memorial Regent Darius Stamm was in the chair and concluding the business session a social hour was enjoyed.

KNIGHTS OF COLUMBUS.
John M. Leary of Norwich, master of the fourth degree, K. C., who was elected a delegate to the supreme convention of the Knights of Columbus to be held at Exeter, N. H., in August, will be unable to attend the convention owing to a pressure of business. Patrick P. Day, former grand knight of Esquire council, New London, will attend as alternate for Mr. Leary.

A. O. H.
The A. O. H. state board will meet the general executive committee to further plans on Monday, Aug. 7, in Middletown, for the state field day and state parade of the A. O. H.

SUFFRAGISTS DISTRIBUTE LEAFLETS AND CANDY.

Met New York Commuters at Every Railroad Station.

New York, July 28.—Committees representing the woman suffrage party wooed the New York commuter today by distributing suffrage leaflets and boxes of candy at all railroad stations in the city. The suffragists said they had made the candy themselves and sold it for a penny each. There were 12 pieces of candy in each box, one for each of the suffrage states. Each box also contained the following:

Within this box are suffrage events: Their number—12—4 pray your note: A stick for every suffrage state, and a box of candy for the right to vote. Wyoming first and women free. Then Colorado, Idaho, and Utah followed, and then came Nevada, California, Kansas, far-off Washington, Arizona, Illinois.

If these confections then you like, Pray help more suffrage states to win. So that will take a larger box. To put our suffrage candies in.

SEAMEN ON GREAT LAKES TO TAKE A STRIKE VOTE.

Ten Thousand Seamen, Firemen, Oilers and Cooks Involved.

Cleveland, O., July 28.—A strike of 10,000 seamen, firemen, oilers and cooks on the Great Lakes Sept. 1 is threatened unless vessel owners accede to demands for a 10 per cent wage increase.

Union officials, who claim to have organized 55 per cent of the able seamen on the lakes, say a strike would result in a complete tie-up of traffic on the lakes.

The men are demanding higher wages and shorter hours. They want a "three watch" system instead of the present "two watch" plan. Wage increases from \$2 to \$2.50 a day for able seamen, \$2.50 to \$3.00 a day for firemen, and similar advances for cooks, firemen and oilers also are asked.

The International Seamen's Union, Marine Cooks and Stewards' association and Marine Firemen, Oilers and Boiler Tenders' association are co-operating in the matter.

ACCEPTANCE SENT TO GENERAL CARRANZA
(Continued from Page One)

acknowledge receipt of Your Excellency's note transmitted under date of July 12 by Lie Alfilio Arredondo, your government's confidential agent in Washington, informing me that Your Excellency has received instructions from the president, Chief of the constitutional army, charged with the executive power of the Union to propose that each of our governments name three commissioners, who shall hold conferences at once, place to be mutually agreed upon and decide forthwith the question relating to the restoration of the American forces now in Mexico and to draw up and conclude a protocol or agreement regarding the reciprocal crossing of the frontiers by the forces of both countries also to determine the origin of the incursions to date, in order to fix the responsibility therefor and definitely to set the difficulties now pending or those which may rise between the two countries on account of the same or a similar reason; all of which shall be submitted to the approval of both governments.

Accepts Carranza's Proposal.
"In reply I have the honor to state that I have laid Your Excellency's note before the president and have received his instructions to inform Your Excellency that the government of the United States is disposed to accept the proposal of the Mexican government in the same spirit of frank con-

We are also now displaying Soft Felt Hats in the latest shades, also the Fine White Milan Hemos and Panamas.

PRICES RANGE FROM 98c TO \$2.98

The Reid and Hughes Co

THERE WILL BE NO APPEAL FOR CASEMENT.
British Court Meets, But Defense Had Abandoned Idea of Action.

London, July 28, 12:10 p. m.—When the court of criminal appeal met today to hear "a possible application" in behalf of Roger Casement, who was sentenced to death for treason in connection with the recent Dublin uprising, it was found that the defense had abandoned any contemplated action.

It was disclosed, however, that some body connected with the defense had informed the king's coroner of a wish to reopen argument of a point abandoned by Alexander Sullivan, Casement's counsel, in the appeal court, when questioning Lord Reading's interpretation of the law in his summing up, on the ground that Mr. Sullivan had no authority to withdraw the point mentioned.

Justice Darling said it could hardly be alleged with anything approaching plausibility that Mr. Sullivan had no authority to do what he did, and he added that, despite Mr. Sullivan's action, the court would consider the point and, if it had thought it necessary, it would have called on the attorney general to answer it. The court came to the conclusion that Mr. Sullivan had been obtained, said the prisoner's counsel never had intended to make the application, and that the court had been so informed two days ago.

Development of Cotton.
"The same cable conveys the information that the department of agriculture has taken in hand the development of the state of Guerrero as a cotton producing area. In times gone by cotton has been planted on a small scale in Guerrero and it is found that it grows well and the climate is completely suitable to it. With the view to making Guerrero a great cotton producing district, 15,000 acres of land have been appropriated and the government has shipped in fifty tons of cottonseed.

Forest Notes.
Coniferous timber has been found to be better suited than any other for the production of ethyl alcohol.

There are 592 consumers of tannin in the United States who use annually 622,000 cords of hemlock bark, 290,000 cords of oak bark, and 350,000 cords of Chestnut wood.

Experts of the Forest Service estimate that the farm woodlots of the United States contain from 200 to 300 billion board feet of lumber and from one to one-and-a-half billion cords of wood.

On some of the National Forests of the Northwest the snow lay on the ground longer this spring than for many years. In consequence stockmen have been considerably delayed in getting their herds on the ranges.

All of the 23 counties of Utah contain portions of National Forests and consequently all share in the 25 per cent of the National Forest receipts which is paid over to the road and school funds. This is true of no other state.
